Independent auditors' review report to the board of directors

Report on interim condensed consolidated financial information

Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Kuwait Cement Company K.P.S.C. ("The Parent Company") and its subsidiaries (together referred to as "the Group") as at 30 June 2016, and the related interim condensed consolidated statements of income, comprehensive income, changes in equity and cash flows for the six month period then ended. The Parent Company's management is responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with International Accounting Standards 34: Interim Financial Reporting.

Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

Scope of review

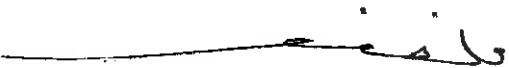

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim condensed consolidated financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

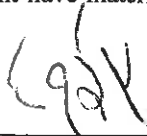

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with International Accounting Standard 34 "Interim Financial Reporting".

Report on other Legal and Regulatory Requirement

Furthermore, based on our review, the interim condensed consolidated financial information is in agreement with the books of accounts of the Parent Company. We further report that nothing have come to our attention indicating any contravention during the six month period ended 30 June 2016, of the Commercial Companies' Law No. 1 of 2016 and its executive regulations, or the Parent Company's memorandum and articles of association, as amended, which might have materially affected the Group's activities or its consolidated financial position.

2. Significant accounting policies

2.1 Basis of preparation

The interim condensed consolidated financial information is prepared in accordance with IAS 34 "Interim Financial Reporting".

The interim condensed consolidated financial information does not include all of the information and footnotes required for complete financial statements prepared in accordance with International Financial Reporting Standards.

In the opinion of the management all adjustments (consisting of recurring accruals) have been included in the interim condensed consolidated financial information. The operating results for the six months period ended 30 June 2016 are not necessarily indicative of the results that may be expected for the year ending 31 December 2016. For further information, refer to the consolidated financial statements and notes thereto for the year ended 31 December 2015.

The accounting policies used in the preparation of the interim condensed consolidated financial information are consistent with those used in the preparation of the consolidated financial statements for the financial year ended 31 December 2015 except for the adoption of certain number of new and amended IFRS that have become effective and applicable to the Group.

A. New standards, interpretations and amendments effective from 1 January 2016

Certain new and amended standards have been effective for the current period. However, the Group does not have to change its accounting policy or make adjustments retroactively as a result of adoption of these standards:

- Amendments to IAS 1 – Disclosure Initiative
- Amendments to IAS 16 and IAS 38 – Clarification of acceptable methods of depreciation and amortization
- Amendments to IAS 16 and IAS 41 Agriculture: Bearer Plants
- Amendments to IAS 27 – Equity method in separate financial statements
- Amendments to IFRS 10, IFRS 12, and IAS 28 – Investment Entities: Applying the Consolidated Exception
- Amendments to IFRS 10 and IAS 28 – Sale or contribution of assets between an investor and its associate or joint venture
- Amendments to IFRS 11 – Accounting for acquisitions of interests in joint operations
- IFRS 14 – Regulatory Deferral Accounts
- Annual Improvements to IFRSs 2012–2014 Cycle

B. Standards and interpretations issued but not effective

The following new and amended IASB Standards have been issued but are not yet effective, and have not been adopted by the group:

IFRS 9 Financial Instruments

The standard, effective for annual periods beginning on or after 1 January 2018, replaces the existing guidance in IAS 39 Financial Instruments: Recognition and Measurement. IFRS 9 specifies how an entity should classify and measure its financial instruments and includes a new expected credit loss model for calculating impairment of financial assets and the new general hedge accounting requirements. It also carries forward the guidance on recognition and derecognition of financial instruments from IAS 39.

The Group anticipates that the application of IFRS 9 in the future may not have a material impact on amounts reported in respect of the Group's consolidated financial assets and financial liabilities. However, it is not practicable to provide a reasonable estimate of the effect of IFRS 9 until the Group undertakes a detailed review.

Notes to the interim condensed consolidated financial information for the six month period ended 30 June 2016

(All amounts are in Kuwaiti Dinar unless otherwise mentioned)

2. Significant accounting policies (continued)

IFRS 9 Financial Instruments

The Parent Company's management anticipates that the application of IFRS 9 in the future may have a material impact on amounts reported in respect of the Group's consolidated financial assets and financial liabilities. However, it is not practicable to provide a reasonable estimate of the effect until the Group undertakes a detailed review.

2.2 Fair value estimation

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, Grouped into Levels 1 to 3 based on the degree to which the fair value is observable:

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical financial assets.
- Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are supported by observable sources for the assets, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 fair value measurements are those derived from valuation techniques that include inputs for the assets that are not based on observable market data (unobservable inputs).

The level within which the financial assets are classified is determined based on the lowest level of significant input to the fair value measurement.

The financial assets measured at fair value in the consolidated statement of financial position are grouped into the fair value hierarchy as follows:

Financial assets	Fair value as of			Fair value level	Valuation techniques and key inputs	Significant observable inputs	Relationship of unobservable inputs to fair value
	30 June 2016	31 December 2015	30 June 2015				
<i>Available for sale investments:</i>							
Quoted shares	42,236,410	45,437,748	55,430,926	First	Last bid price	N/A	N/A
Foreign funds	896,831	918,875	1,220,192	Second	Net asset value	N/A	N/A
<i>Investments at fair value through statement of income:</i>							
Local shares	1,152,050	1,150,770	1,150,196	Third	Based on the latest available financial statements or on the basis of the last transaction	N/A	N/A
Local funds	303,180	313,044	354,315	Second	Net asset value	N/A	N/A
Foreign investments	6,533,169	6,530,367	6,724,268	Second	Net asset value	N/A	N/A

The fair value of financial instruments traded in active markets is based on quoted market prices at the reporting date. A market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. The quoted market price used for financial assets held by the Group is the current bid price. These instruments are included in Level 1.

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. These valuation techniques maximize the use of observable market data where it is available and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.
